

# Towards Using Explicit Semantics in Life Science Workflows

Pisa June 2007

Dr. José F. Aldana Montes ([jfam@lcc.uma.es](mailto:jfam@lcc.uma.es))

[Ismael Navas Delgado](mailto:ismael@lcc.uma.es) ([ismael@lcc.uma.es](mailto:ismael@lcc.uma.es))

# Goals

- *To detect common problems in bioinformatics (from our experience): Lack of Semantics*
- *To propose architecture to build workflows composed of semantic web services*

# Lack of Semantics

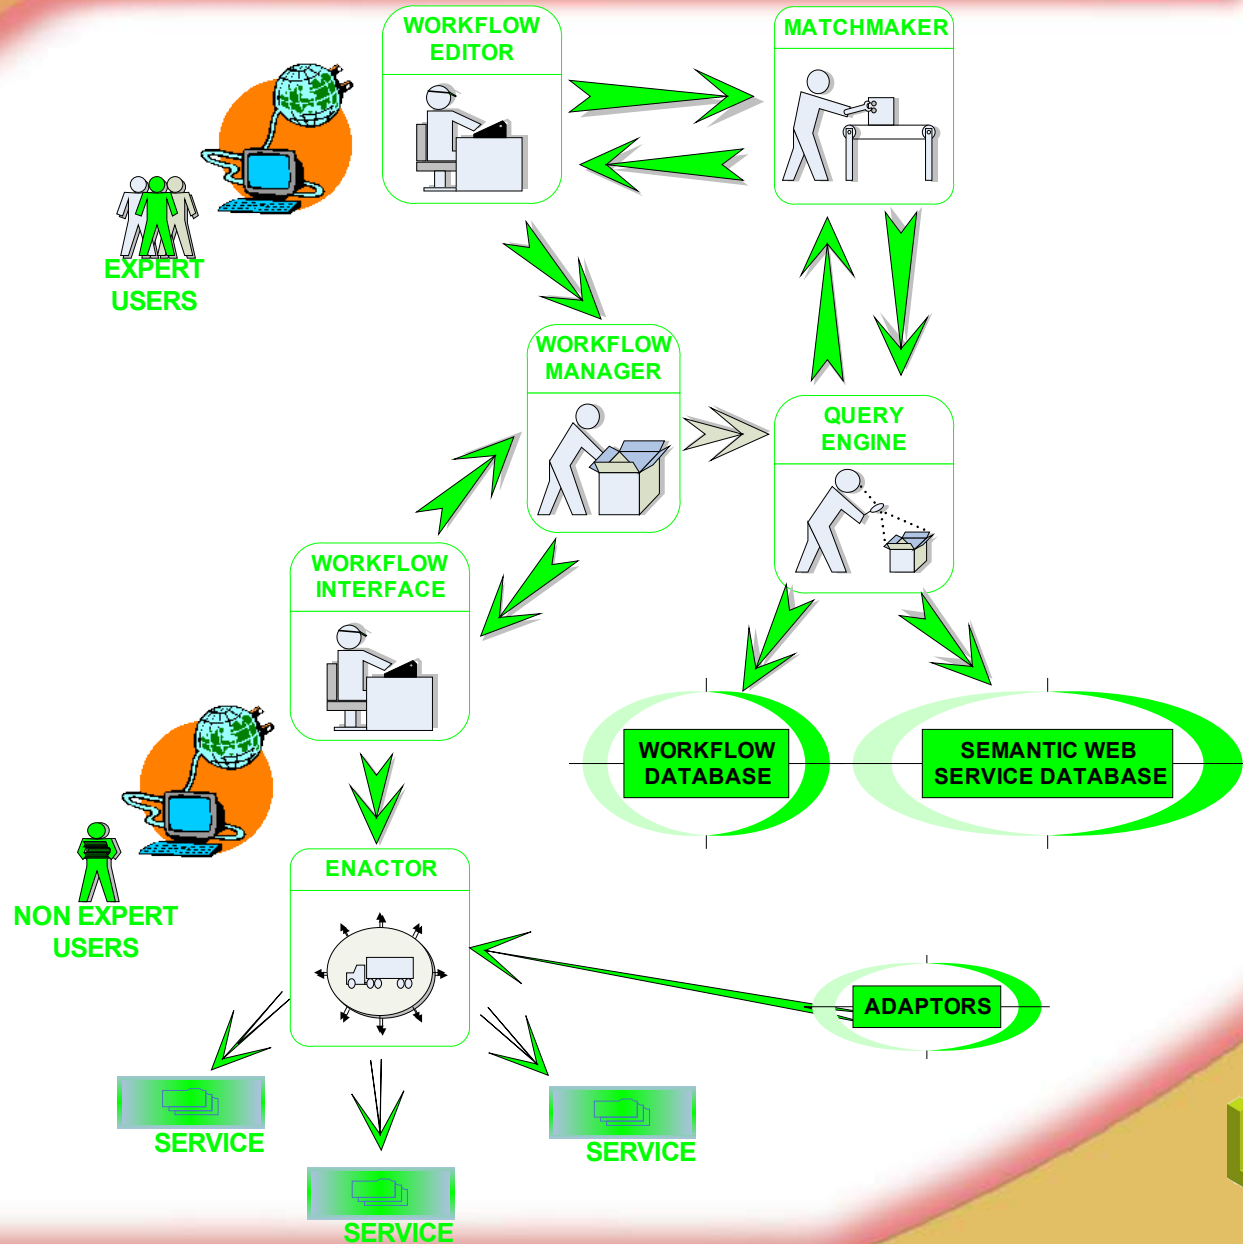

# Lack of Semantics

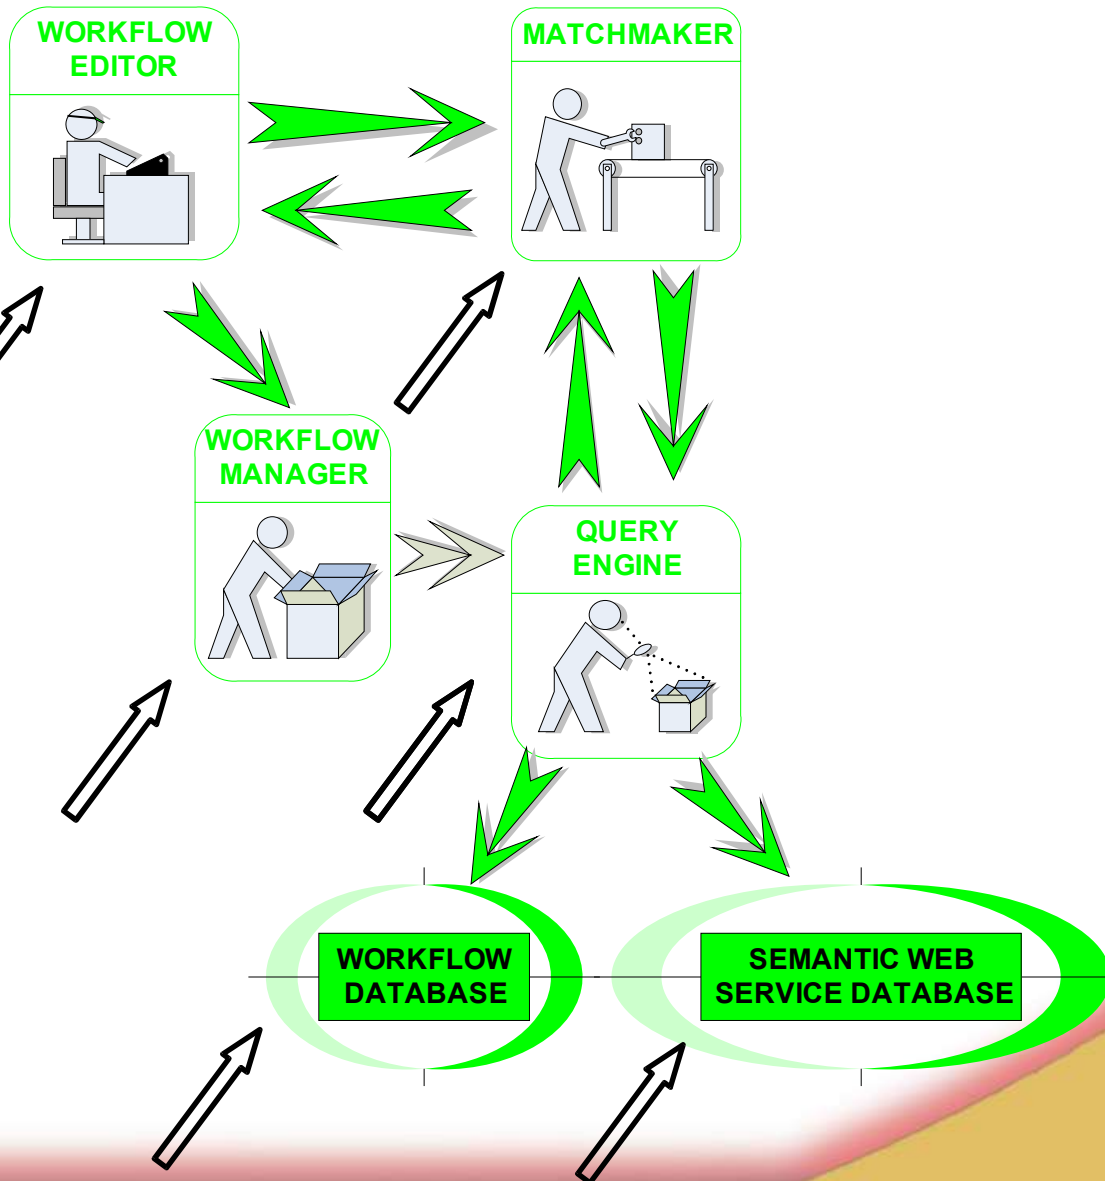

# Proposed Solution

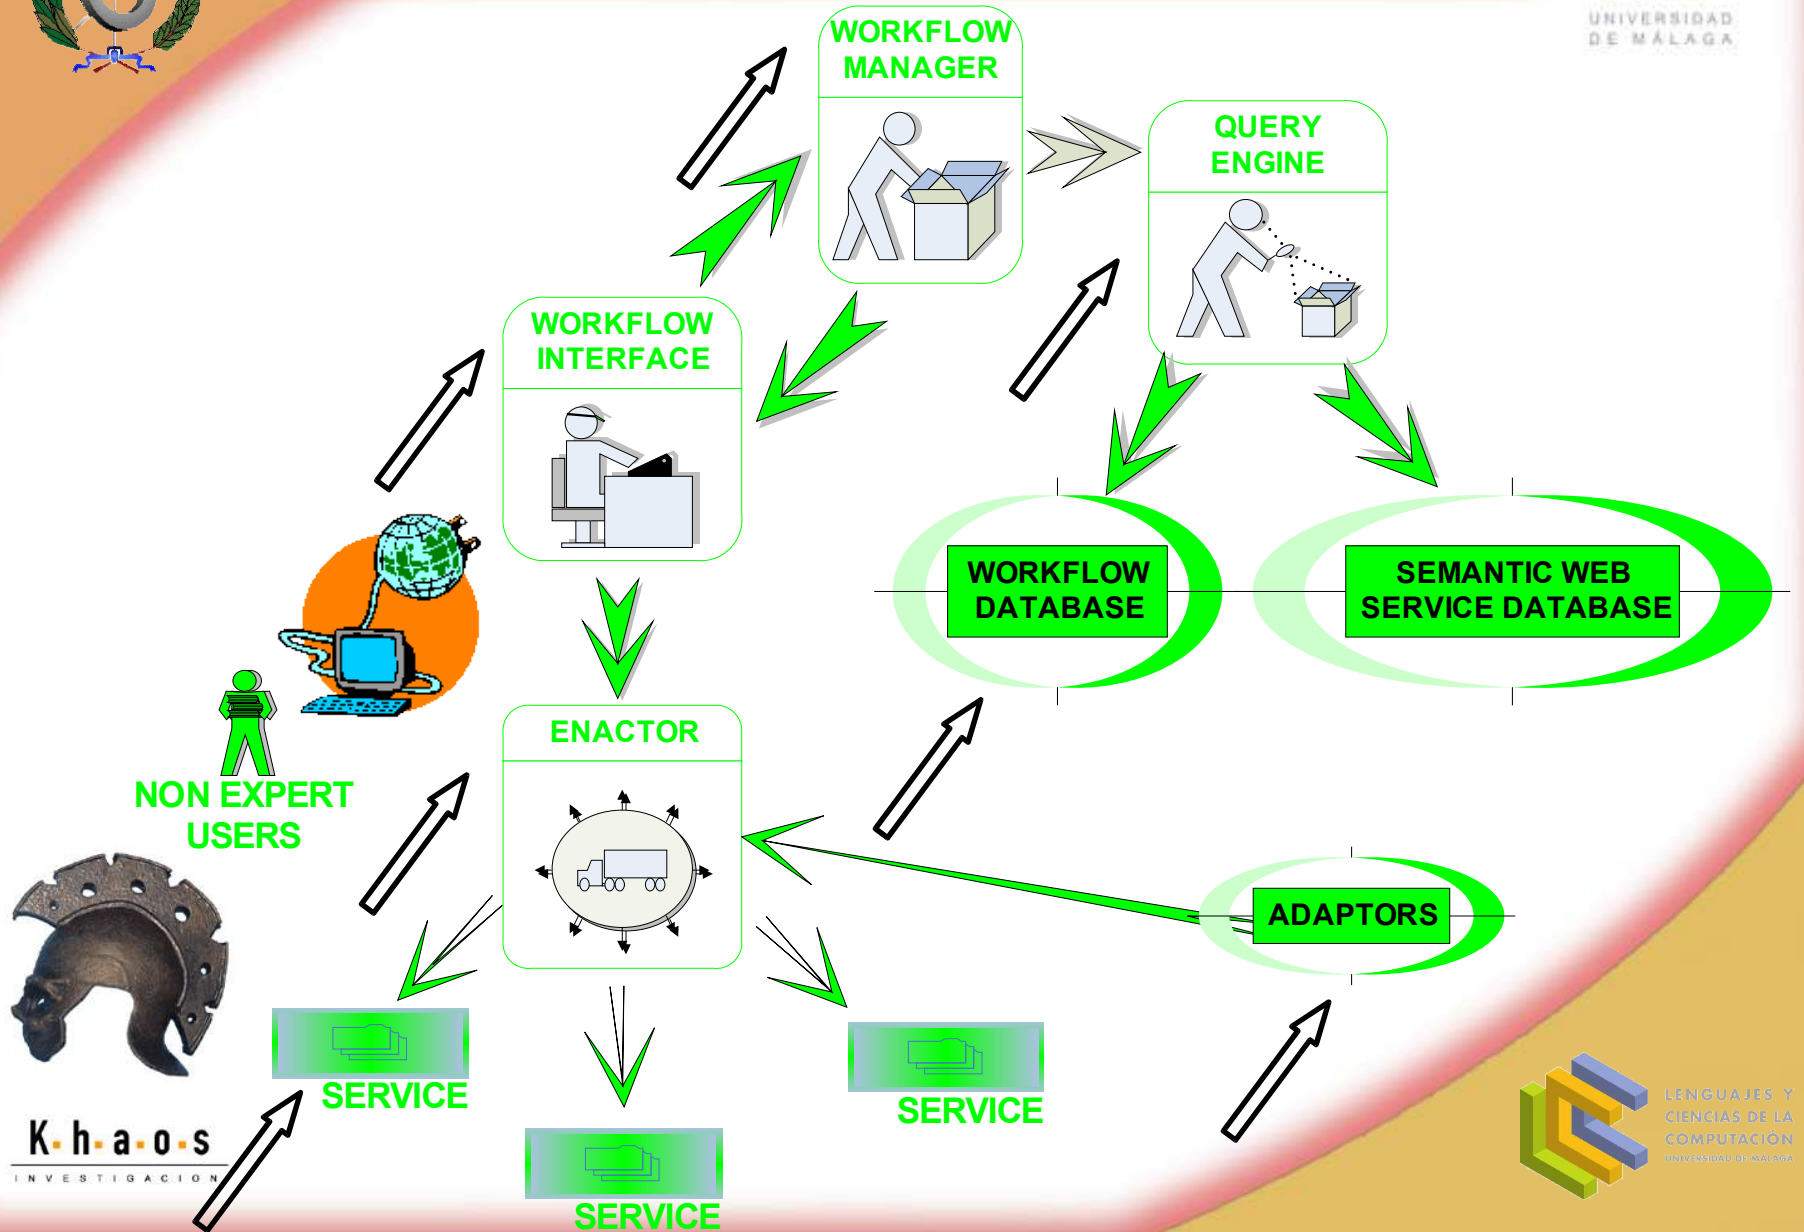

# Expert Users

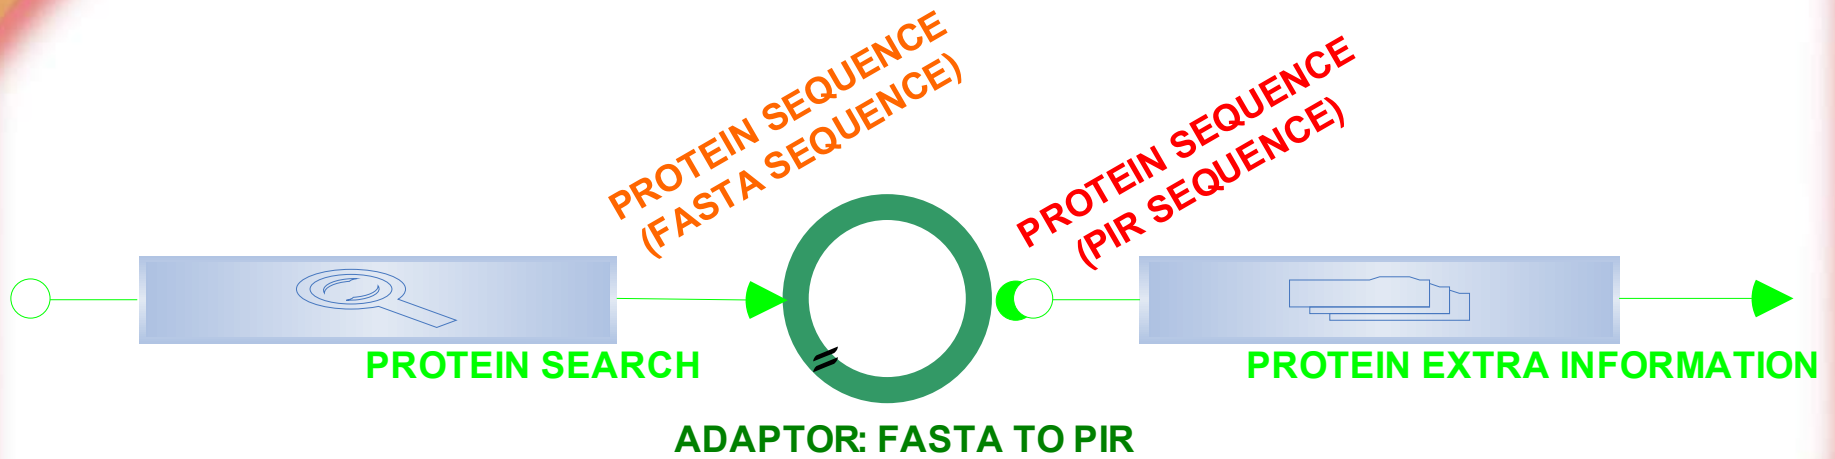

# Non Expert Users

# Adaptors
